INTRODUCTION

I praise my God who gave me this wonderful opportunity to testify how Christ came into my heart and I in Him.

From my early childhood the powers of satan tried to destroy me through several traps and sufferings. My Saviour and father Jesus Christ saved me from all satanic powers which is the subject of this book. I looked upon Jesus and only Him to save me from all troubles. I prayed to God earnestly and He brought me out of all sufferings and now I am praying for those who are suffering around me.

When we were in utter poverty and suffering many people teased and hated me. Not far from my house there is a church called International Zion Assembly Church. It is God who gave us opportunity to go to that church. At that time Pastor Stephen was the leader of the church. After his death, Pastor Kanakaraj gave us spiritual message which gave me strength to go forward. Thus God heard my prayers and did miracles not only in my life but also in the life of others. My Lord Jesus has appeared before me and spoke to me directly. He answered my prayers and taught me many things and comforts me. Those who are really suffering from pain in life should know my testimony and get relief from Jesus. But how will the ordinary people know this? I am uneducated and I don't know to write and read. This thought often pained me. Many people who are suffering from great pain or loss in life and are troubled by naughty children who disobey their parents and those who are suffering from diseases must read my testimony and get comfort and also accept Jesus Christ in their life. That is why God gave me this wonderful opportunity to write and publish it.

EDITOR'S COMMENTARY

My native place is Neyyattinkara. Sri. Victor Raj from Salempuri church married my daughter Rejani. They were staying near the church. I came to know about sister. Baby Sarojam who was a member of CSI church through my daughter Rajani. She said that their family was in utter poverty but they were innocent and faithful. We have a spiritual connection with this sister's family for more than 28 years. She prays for our family and God answers her prayer. We also pray for her. I have heard from her the wonderful miracles God did in her life and I thought of writing it down. The miracles that happened in her life seems to be exaggeration for some but they are true and I desired to print it as a book. When she knew about my desire she was very happy. We sat together for days and as she spoke to me about the miracles, I wrote it down. Let this book bring blessings to all who read it. Best wishes.

IMPRESSION OF THE BOOK

“God Raised the Poor Lady from the Ash Heap” written by Baby Sarojam is an active member of the Salempuri Church. I have been working as a pastor from 1962 to 1965 and 1973 to 1975 at Salempuri Church. At that time Mr. Asari's (Baby Sarojam's husband) mother Devadasi and father

A. James were members of this family. Asari's mother got saved in the year 1950 and she took baptism. They had five sons and three daughters. Even when they were suffering from utter poverty, they never missed any service in the church and also prayed ardently. In 1962 James was suffering from a disease and they came to the church to pray for his illness. God did a miracle and healed him. That year he received Jesus as his Saviour and got baptised and became a member of our church.

The pentecost society was going through a period of suffering but James and family did not turn back from their belief. Hence God blessed them step by step. All their children were married and some of them became pastors. God blessed their family and the following generations.

The eldest son Asaria married Baby Sarojam. They began their married life in utter poverty. They did not have a house, or property nor a job, when they got married. But when they went through these sufferings, they prayed to God

earnestly and God blessed them. You can read how God saved them and you can also be encouraged to believe in this miracle working God.

Sister Baby Sarojam has a son and a daughter, she followed her mother in law's footsteps who was a praying mother called Devadasi. Now due to her prayer God blessed them and they are in prosperity. Hence the title of this book is apt. "God raised the poor from the Ash heap". Those who read this book may get comfort, blessings, faith and hope in Christ. With all blessings and prayer.

COMMENTING ON THE BOOK

"God raised the poor from the Ash heap." I happened to read the book. From my childhood I have been in touch with this family. Baby sister's mother in law Devadasi was an ardent believer of our Salempuri church. It was because of her prayer, almost all

her children accepted Jesus Christ as their saviour. I now remember an incident that happened in her life. She was old but one night she fell and cut her head. All those who saw her was wonder struck, because she did not go to the hospital. Instead she took some coconut oil prayed and applied to the wound on her head and she was healed. Such was her steadfast faith. One of her sons became a pastor under this Church and was working at Punnavor, Pastor Samuel. Devadasi worked a lot for the benefit of our Zion Assembly Church and she also prayed for me.

Sister Baby Sarojam came to our village Muttakkadu after her marriage and from then I know her. She is a woman of prayer and she experiences God's grace but only now after reading her book, I came to know that she had a close relationship with God. There are only a few who hear God's voice and lives accordingly. I appreciate her for she is one of them. Whoever reads this book must follow her footsteps.

She did not have any job and was thinking of suiciding with the whole family and from there God up lifted her and blessed her. I thank God for that. If you call upon God in

spirit and truth, you will feel His presence beside you and this book is an example. God gave her talent and she used it for His Kingdom and so she was uplifted to be not a tail but a head. This testimony teaches us that God will raise you up. May this book increase your faith and may God bless her family and use her again.

OPINION OF THE BOOK

I prayed to my Almighty God after reading the book "God raised the poor from the Ash heap", written by sister Baby Sarojam. From my childhood I know their family members and also this sister. After reading this book I wanted to see this sister directly because of her wonderful testimony. I talked to her directly and came to know of her poverty, suffering, sickness and how she overcame all these through her faith and prayer life. I appreciate her and wish a lot of such baby sisters may come out with their prayer life.

She led spiritual life and never discarded God in her life. She was so good that she was an introvert. But now God brought her out and everyone appreciates her. She was deeply in sorrow but helped many and took away their sorrow. She was poor but she helped many to become rich. Those who came close to Jesus was blessed and also He met their needs. Our God blesses people from nothing to something, and gives them prosperity. Let's depend and surrender before this loving God and get blessed.

TESTIMONY OF HER SON JAYAPRAKASH

I am the eldest son of Mr . Asari and Mrs Baby Sarojam. I have a sister named Sobha. From the day I remember we lived in utter poverty and almost all days we were starving. We used to cry for food and usually slept with empty stomach and when we get up we used to see our mother tearfully praying to Jesus for food. "Do not tell lies and you do not Steal, these were the advice I got from my mom. At that time we were living in a small hut, thatched by palm leaves. She taught us to pray to Jesus for our needs, even if it is small or big. She brought up her children in a strict way that we did not fall into any trap and till then we have been model children. She taught us to give tithes and from my childhood I am obeying her in all these things. It is through her prayer and advice I have been blessed with riches of this Earth. God gave me a chance to start a driving school and blessed me with a lot of vehicles. I have mentioned about all these in my mother's new book "God raised the poor from the ash heap"

MY CHILDHOOD DAYS

I was born in 1952 December 25th as the second child of Ponnayan - Elizabeth parents at Trivandrum, Parottukonam. They have four children. My parents were illiterate. My mother was deaf and dumb. When my mother gave birth to the fourth child, my father left us and went away. He has not returned till now. My mother, grand father and my uncles brought us up. We were all members of the CSI church.

I love small children very much from my childhood. When I was studying in the second standard, my class teacher brought her daughter to school. When I saw her I started playing with her. In the evening my teacher took her and went to the bus-stop. I followed them and got into the bus in which they got in. They did not know I was following them. When they got out of the bus I too got down and at that time teacher noticed me.

My teacher got frightened when she saw me. She started to take me back to my house but I started crying loudly. I said I am not going back because my grandfather will beat me. And also I said that if she takes me back I will jump into the well and end my life. My teacher when she heard this she was afraid to sent me back. My relatives came seeking me and they enquired about me to her. She lied and said that she

did not see me after school. So I was very happy and stayed there for six months. My relatives were looking for me, but they didn't find me. After six months they took me to Pathanamthitta where very rich people lived and they looked after me with lots of love and affection. For eight years I lived with them very happily. Because they were afraid, they did not send me to school. So, I became illiterate. They send letters to my parents about me without revealing their identity. In their last letter they asked my parents to wait at a certain place to receive me.

They sent me home. But they promised that they will never reveal the secret about where I lived. They bought new dress and ornaments for me. They sent me in the bus that goes to Trivandrum. When my relatives saw me, they were very happy and hugged me and took me home. Then I got married. Now I have children and grand children. I had an ardent desire to visit the family that looked after me. One day I went to see them with my husband, children and grand children. We went to Pathanamthitta and saw them. They were very happy and took photos. I did not know I still have their photo in my album.

I got married at the age of eighteen and was brought to my husband Asari's house, Bethelvilakom, Muttakkad. It was a grand marriage held at the CSI church. My husband's parents and in-laws loved me very much. They were peace loving people. My mother-in-law was a praying woman and she was a member of a pentecost church. After my wedding, she used to tell me that I should continue praying because she was becoming old. First when, I heard this I did not take it seriously. Later on I went on with a prayer life of my own and I started seeing miracles in my life.

UTTER POVERTY

We stayed at my husband's house for five years. On 24-5-1972 I gave birth to my first born son Jayaprakash and on 5-6-1974 I gave birth to my second child named Sobha. After five years I sold my gold ornaments and bought nineteen cents of land near my husband's house. We built a small hut with coconut leaf and four of us started living in this hut. There was no water and electricity at this new place. It was a place where there were thorns, rocks and stones. There was not a path to walk properly. It was a mountain's valley. There were poisonous snake, around our hut. We had to bring water from far away wells. We did not get anything to eat and mostly would drink only water and started clearing the thorny place. We saw many poisonous snakes and not only killed them but also destroyed their eggs.

We had a small provisional store. We couldn't continue the shop, So we sold it due to lack of money. My husband doesn't know manual work and I too doesn't know any work. So we were heading towards utter poverty. No one helped us. Sometimes someone would give me 50 paise or one rupee. But later they stopped helping us and started teasing us. During those days we starved continuously for five days. We did not have proper dress. Many teased us and looked down upon us. Hence due to this, we thought of ending our

life. So one day my husband bought poison for four of us. When I took the poison to give my children, I heard a question in my heart that our children are Gods gift and must I kill them with my own hands. Suddenly my children got up from their sleep and started crying for food. So I stopped killing them. This happened according to God's purpose and that I realised very late. The following verse from Psalm 35:10 encouraged me to live in God's blessing. "The lions may grow weak and hungry, but those who seek the Lord lack no good thing." (Psalm 34:10)

GOD STARTED TALKING TO ME

I used to go with my mother-in-law to the Zion Assembly Salempuri Church, those days Pastor. T. Stephen was the pastor of that church and he used to advice me and love me. He asked me to pray on my knees and also to confess my sins to God.

One day at 11 am, when I was in my house my two children who were starving cried burying their heads on my lap. I couldn't control myself and I asked, "Jesus my Father could you please save me from this situation." I cried aloud my heart broken within me. I heard a soft sound, "Where is Baby." I replied, "Lord I am here." I also got the reply, "Did you sit here again." I got up and looked everywhere to see who called me but I didn't see anyone. This is the first time in my life I heard God's voice. But I did not know that it was Jesus who spoke to me. Those days we were in utter poverty and many teased me and cursed me. "The Lord is close to the broken hearted and saves those who are crushed in spirit." (Psalms 34: 18)

Another day I cried bitterly about my poverty, suffering and asked God to change my situation. At that time I saw Jesus whose face was enlightened and he carried a stick.

He knelt down and wiped my tears. My tears were dried and I experienced a wonderful peace and happiness. This is the first time I had a vision from God. But my poverty and suffering did not end.

Another day I cried to God and asked, "won't you bless me ?" Then I heard a soft sound telling me that, " I will bless you with wealth and prosperity." But still I did not surrender to God. No one told me how to accept Jesus. Before my marriage I led a luxurious life. After marriage I led a life to show people that I am rich. I used all the make items like cutex, eye-liner and always had some flowers on my hair. I wore my dress by colouring it with different colours.

Because I wanted no one to know about our poverty and sufferings. At the same time I was crying along with my husband because there was no food for our children. I did not know how to pray and so I just cried and cried aloud. At that time while I was crying I had a vision. Someone came to see me and he peeled my skin and I was drenched in blood."Why God you do this to me ?" I cried and asked God. At that time I heard Jesus telling me, "Therefore, if anyone is in Christ, he is a new creation, the old has gone, the new has come." (2 corin 5: 17) From that day onwards without anyone's force, I stopped my luxurious life and I hated all my make-up items.

SHOWED ME HELL AND HEAVEN

My grandfather who brought me up had told me that there is Heaven and Hell, when I was a small child, So he said that we should go to Heaven. I always had that thought in my heart. One day while I was doing my work in the kitchen, I thought about Heaven and hell, who saw it, is it correct and in my heart I teased and did not believe in it. That night I had a vision, one angel appeared before me. The angel was an enlightened one. The angel took me to the space above and I flew higher and higher. Both of us were nearing to a place where it was full of light. From inside the light I heard shouts of Joy. When I reached there I saw a lot of people with white dress and they were happy. After that I was taken to another place by that angel. As we were nearing the place I heard cries of despair and sorrow. The whole place was dark and there was a big division between the two places and no one could escape from this dreadful situation. The angel asked me, "Which do you want ?" I was afraid and was shivering. I cried aloud saying "Jesus father, I want Heaven." While I was saying this I woke up from my sleep. God showed me this vision because of my disbelief. "O, Lord you have searched me and you know me. You know when I sit and when I rise, you perceive my thought from afar." (Psalm 139:1,2) Jesus

has told about Heaven and Hell. "There was a rich man who was dressed in purple and fine linen and lived in luxury everyday. At his gate lay a beggar named Lazarus, covered with sores and longing to eat what fell from the rich man's table. Even the dogs came and licked his sores. The beggar died and the angels carried him to Abraham's side. The rich man also died, and was buried. In hell where he was in torment, he looked up and saw Abraham far away, with Lazarus by his side. So he called to him, 'Father Abraham, have pity on me and send Lazarus to dip the tip of his finger in water and cool my tongue, because I am in agony in this fire.' But Abraham replied, 'Son, remember that in your life time you received your good things, while Lazarus received bad things, but now he is comforted here and you are in agony. And besides all this, between us and you a great chasm has been fixed, so that those who want to go from here to you cannot, nor can anyone cross over from there to us. He answered, 'Then I beg you, father send Lazarus to my father's house, for I have five brothers . Let him warn them, so they will not also come to this place of torment; Abraham replied." They have Moses and the prophets; let them listen to them. "No, father Abraham" he said,'but if someone from the dead goes to them, they will repent.' He said to him,'If they do not listen to Moses and the prophets, they will not be convinced even if someone rises from the dead .' (Luke 16: 19,30) To those who read this book our Jesus doesn't like anyone to go to hell."Everyone will be salted with fire, where their worm does not die and the fire is not quenched. Everyday will be salted with fire. (Mark 9: 48,49)

VISION OF JESUS DEATH ON CROSS

Jesus taught me all these days but I did not have faith in him. Jesus' birth and death remained in my heart as something fake. Is it true that Jesus rose from the death ? Is it true that he was born ? I had all these questions in my heart but I did not tell anyone about it. I don't have any education and I am illiterate but God did not punish me for thinking like this. Instead He loved me and taught me through a vision which is His kindness.

That night I saw a handsome youth full of energy, His face enlightened on the cross. After sometimes I saw his body full of blood and his beauty diminished. Slowly after the blood finished, then came water from his wounds. I understood that it was Jesus himself. He cried out that he has given his blood for sinners. He moved his head left to right and he surrendered to death. This vision was a heart touching one. Thus Christ removed my doubts and disbelief through vision and hearing His voice. Thus, I was strengthened in faith.

God was so loving to speak to me and clear my doubts but still I went to the CSI church. I did not get spiritual benefits from there. I worshiped there just for namesake, it was mechanical. Nearly every night I had a vision. I became a small

girl and in front of me appeared a handsome youth. He was wearing a white gown but I got frightened and ran away. I ran and ran and became tired and fatigued. Wherever I ran he was following me. Now another person appeared and the first person told him to give me a cup of milk because I was nearly falling out of tiredness. The second person gave me a cup of milk and I drank because I was tired. Again I started running because I got enough strength after drinking the milk. I didn't see the person who gave me milk till now. I ran and ran and saw a strong fence and ran inside and thought I was safe but the first person appeared before me again. He was smiling and told me, "Even if you run away from me and hide, I'll follow you everywhere." We see this verse in (Psalm 139: 7), "Where can I go from your spirit? Where can I flee from your presence?" I again started running here and there but that person did not allow me to go my way and he took me and left me inside Salempuri church, and then he disappeared. My fear and doubts vanished. A peace and happiness filled my heart. When I woke up in the morning I couldn't understand the dream or vision. I told one of the women about it and she told me the real vision. Then onwards Holy spirit explained the vision step by step. Before the world was formed God has seen me as a witness for Jesus. But from my childhood, Satan tried to destroy me. That's why, when I was in the second standard I ran away from my original home. From then onwards it was Christ Jesus who led me and the milk he gave me to drink was word of God. (1 Peter 2: 2) "Like new born babies, crave pure spiritual milk." I got spiritual food and then he asked me to bear testimony. Now, God has asked me to worship him, in Salempuri Church.

BEGINNING OF TRUE TESTIMONY

After seeing all these visions four of us after the service in the CSI Church, I went with my two children to Salempuri Church. We did not have enough food nor good clothes to wear. We were in utter poverty I did not know how to pray. But when I started to pray at Salempuri church things got changing. I got comfort and peace through the word of God from Salempuri Church. So, we left the CSI church and became members of the Salempuri Church Kovalam. Those days when I prayed I could feel the spirit filling my body and I surrendered completely to Jesus and took a decision that apart from Jesus I'll never think or do anything against Jesus. I prayed that I too need a place in Heaven. One day while I was praying with heaviness and heartache I heard a soft sound that told me to cast my burden on Him and he will take care of me. Still I was in trouble and poor. But we experienced peace and happiness in our family life. "Cast your cares on the Lord, and He will sustain you, He will never let the righteous fall" (Psalm 55:22). Thus I placed all my burdens and sorrows on Jesus. I am not a perfect person but when I depended on Jesus. He comforted me daily. All my problems can be eradicated, if you have ardent love and faith in Jesus, I completely believe and got comforted.

INCREASE IN AGRICULTURE

We lived in a hut where coconut leaves were walls of the hut. The 19 cents of land we had were barren. There myself and my husband build a hut of stones and mud that was scattered all over the place. Thus the place became clean without rocks and stones. The roof was thatched on by coconut leaves and it was after long years that the roof was concreted.

In the place where it was clean my husband started cultivating tapioca and plantain. We did not have a well of our own and he brought water from far carrying it on his shoulders. He watered the plants and we got a lot of harvest. The people were astonished when they saw the harvest from a small area. "All these blessings will come upon you if you obey the Lord your God. You will be blessed in the city and blessed in the country. The fruit of your womb will be blessed, and the crops of your land and the young of your live stock- the calves of your herds and the lamb of your flocks."

If you obey the Lord of the Bible, not only in your life time but for thousand generations God's mercy and blessings will follow you, when I decided to obey Lord's commandments, God Started blessing me. I took the first fruit of my agriculture products to my church and how happy I felt.

CATTLE AND BIRDS

"I will bless her with abundant provisions; her poor will I Satisfy with food." (Psalm 132:15) This unchanging promise of God from the Bible gave me prosperity in my life and comforted me. Those who depend entirely on God will be blessed and God encouraged me to live on this earth.

One person gave me a hen freely. This was my first income to live. This hen laid fifteen eggs. I prayed and kept them to be hatched. All fifteen of them hatched. All the chickens also was brought up without losing anything. This increased to hundred and none of them died due to sickness. In all the houses the chicks and hen died of sickness but God took care of mine and increased my income day by day. All Glory and honour to my Lord !

MIRACLE IN COCK

One night a thief stole my big cock. While he was running with it, he threw it into a well with little water after splitting its neck. I started praying for it. My Jesus gave me a lot of hens and cocks. None got lost and so I prayed that I must get the cock back or the thief must accept Jesus Christ in his life. After nine days while some children were playing near by a well, they saw a hen lying in the well. The children called the elders and they saved the cock. Its neck was broken, I applied oil that was prayed and it got well. I gave it water, rice and coconut a little by little and within a few days it became perfectly well and started eating food on its own. After that I sold it for a high price. My faith increased after this incident. My neighbours also were wonderstruck at this miracle. Jesus answers all our prayers even if it is small or big.

My husband got a goat, freely given by a hindu friend. I don't know who that person is. God blessed us and it increased to twenty goats including its young ones. I had to spend time more for prayer and so I sold one by one all the twenty and also the hens and chicks so that I could concentrate more on prayers and house visits. I now started daily lending money on recollection basis. I could also start a provisional store. God blessed us step by step. At that time the

shop owner asked us to return the shop which was on rent and so we started our shop at our own house. Our house was a small one yet God blessed our business. "If God is for us, who can be against us." (Romans 8:31) Then one day another surprise was that one man came forward and offered us his room to start a business. Thus God blessed us with two shops. The two shops functioned very well and all the things for the shop was bought by my son. He used to go to shops and buy things for our shop and bring it by riding a bicycle. Then he was only 14 years old. God gave four of us wisdom to do this business without any external help. God thus, used us in a wonderful manner.

Jesus Christ was head of our family. This is not a secret. In our suffering and tearful life, if we obey the word of God he will surely bless us. God can create miracles in our life.

GOT THE GIFT OF PRAYER

We four of us were the active members of the Salempuri church. I loved the Lord with a pure heart. "Love the Lord your God with all your heart and with all your soul and with all your strength and with all your mind." (Luke 10:27) Many of the patients, those who had family problems, those whose children were headache to the family and those wives who had no peace of mind because of their husbands asked me to pray for them. I prayed for them earnestly and God gave them relief and did miracles in their lifes and they were very happy. When I saw their peace of mind and happiness. I praised my God. Many got well when I prayed for their sickness. The families which were broken came together and God gave them a peaceful married life. I also heard testimonies of parents whose children obeyed them and gave them peace at heart.

BITTEN BY POISONOUS SNAKE

Many People came to my house and I gave them oil and water that I prayed. They got a miracle healing after using this prayed oil and water.

During my first stay in the hut I saw a lot of snakes around us. When I got frightened, Jesus told me that none of the snakes will bite me without Lord's permission. Which I had written earlier. Now, Lord allowed a poisonous snake to bite me and I came out purified like gold. One night when I stood outside my hut a poisonous snake bit me and went away. When I came and looked at the light inside my house. I saw the mark of two of it's teeth on my leg. At once a strong pain started from my leg and it spread towards my head. I did all the work at home for two days, My husband asked me to go to the hospital for treatment but I was reluctant to go because when I give prayed oil or water others got healing. The third day my head was aching and I couldn't bear the pain. I felt darkness in my eyes and I was nearing to death.

At that time I was alone at home. I took some oil, cried to God in prayer, the tears fell on the oil and I applied it on my head. I felt a pleasant coolness at that time. I could feel the power of the Holy Spirit starting from my head going down to the knee. I was feeling so well that I did not take away my hand from my head and I lay on the ground and went

to sleep at 10 am. When I got up at noon, I was drenched in sweat. It seemed like someone has poured a bucket of water on me but it was my sweat. All the poison has gone out through the sweat and now I was completely healed. Another miracle also happened at the same time. At 10 am when I was nearing to death, I had kept an aluminium pot of water and rice for my husband's afternoon lunch. I had lit the fire but when I woke up at 12.30, another miracle had happened, the rice was ready to eat and not one rice fell out of the pot. Who lit the fire to prepare the rice, who put a lot of rice apart from one kilo which I have put? It is God's miracle. My faith and my husband's faith increased. "For you, O God, tested us, you refined us like silver." (Psalm 66:10) "Is anything too hard for the Lord?" (Genesis 18:14) "For nothing is impossible with God." (Luke 1:37) The Presence of Jesus in my family has changed our situation. Dear readers the presence of Jesus is changing individuals, families, churches and many groups of people.

A SNAKE BIT MY DAUGHTER

When my daughter was thirteen years old she was coming through a path surrounded by a small forest at dusk. A poisonous snake bit her and she came home crying aloud. My husband told me to take her to the hospital. I told him that when I was bitten by a snake I applied prayed oil and God did a miracle, "don't you have faith"? I asked him. But my husband was not ready to pray with me. I told him if both of us prayed together God would heal her. But my husband started to take her to the hospital. I said I am not against taking her to the hospital but when I sit with her at the hospital, it is a disgrace for God. I had stern faith in God and thus I told him. But still he did not believe. I talked to my daughter lovingly and she said Jesus will heal me and said that I must pray for her. I was crying while I was praying. I applied oil but the pain came up to her knee. God did not allow the pain to spread above the knee. She endured the pain and went to her school which was 5 km away from our house for 8 days. She had a special courage which God gave her. She did not tell any one that a snake bit her. God also comforted me with His word and spoke to me and encouraged me. The poison came and steered just below the knee and that portion of the leg turned blue. All the other parts of the leg cleared. She endured the pain and I prayed and asked God "How will

this poison come out Oh! my God." God asked me why I was doubting again. On the 9th day the swelling broke on its own and the poison which was now black flowed out leaving a wound. I prayed and applied oil on the wound. On the third day the wound healed leaving a mark for my daughter to show and give testimony. Hallelujah, all glory to God. "And these signs will accompany those who believe. In my name they will drive out demons; they will speak in new tongues; they will pick up snakes with their hands, and when they drink deadly poison, it will not hurt them at all, they will place their hands on sick people and they will get well." (Mark 16:17, 18)

Our saviour Jesus golden words are still happening to those who believe in Him. When I put my full faith and confidence on Him, Jesus healed my daughter and still now God has been protecting us as a tent over us.

SUFFERING I ENDURED FROM MY CHILDHOOD

Let me tell you a few more events from my childhood when satan tried to erase me from this earth. When I was five years old I was holding the rope of a huge goat. The rope tied around my leg and it ran with me. I fell and fractured my leg. The leg was dangling from my hip. I was admitted in the medical college hospital for 1 ½ years. The doctors plastered my leg. Again I had to be admitted for 6 months. Finally God healed me without any blemishes. Again when I was seven years old, I was drawing water from the well. When I was trying to lift the bucket full of water from the well, I fell into the well with the bucket. Because I had a strong hold on the bucket I did not get drowned. The villagers who saw this, brought a ladder and put it inside the well. Thus I got out of the well.

When I was twelve years old again while I was drawing water from the well, the bridge which was put to draw water broke and I fell inside. I drank some water and lost consciousness. The villagers who saw me saved me.

When my children were very young we were standing outside, a tender coconut fell into my head. I was in utter despair. The coconut was crushed, but God saved me, with-

out any treatment. After one year while I was standing under a coconut tree some one threw a stone at the tender coconut. It came and fell on my head at the same spot where once the coconut fell. I was in great pain. I couldn't endure the pain my head got fractured. It was a time when we were in utter poverty and we couldn't go to hospital. But our God who knew the condition of my family healed me.

Once when I was coming down a huge rock, I slipped and fell. My chin went and hit the rock and I broke the bone. Blood was flowing continuously. A tooth from the front row of my mouth came out. Now also you can see a hole instead of the tooth. I took the chin bone and covered it with my hand and ran home crying. My husband was going to take me to the hospital. But I was afraid of the stitch and I prayed. God healed me. After getting healed again I fell when coming down the rock and I broke the chin at the same place. I called Jesus my father as I called earlier and asked for healing. Jesus did a wonderful miracle again. He heard my cry and you can see a thread like mark on my chin and hair grows and I used to remove it. My body is a testimony and I glorify my Lord with my body. I will live before you with fear and shivering. I will become a living testimony before thousands of people.

CHRONIC HEADACHE AND WONDERFUL HEALING

As I explained earlier my head went through a lot of injuries and I had severe headache. Due to the chronic headache, I couldn't open my mouth and eat or drink. Till then I didn't go for a treatment but this time everyone forced me to go to hospital and they took me to many specialists who were very famous. But my pain did not decrease but instead it increased and I started crying loudly. Lastly they took me to a famous ayurvedic doctor at Chalai, Trivandrum who is known as Flower shop doctor. He treated me for two months. I did not get any relief and the pain increased. Finally he gave me oil and when I applied that on my head the pain increased. I called Jesus and asked, "Father what should I do?" God spoke to me in a soft voice and asked me to believe in Jesus and you'll be healed. God told me not to apply the oil that the ayurvedic doctor gave because it was made by doing poojas to their idols. God hated worshipping idols. I washed my head and I got healed. A miracle happened. God healed me completely. Till now that headache had not returned in my life. Even though I suffered a lot, God's name was glorified through me.

Many events happened in my life apart from the above

incidents. Satanic forces tried to sent me away from this earth but God saved me. Many people did witch crafts against me but many people directly came to attack me which I endured patiently because God gave me grace to do so. I did only good things to those who attacked me. I cried to Jesus and asked why. He allows such suffering in my life. I heard a soft voice telling me that revenge was God's not mine. The voice continued that it was God who brought me to this area and He would do miracles through me. When I heard this sweet voice, I felt peace and happiness from Jesus. Thus I live in this area to bear fruit for Christ.

God knows what we are doing, when we sit or stand; He sees us even from a long distance. Hence, we can live a faithful and pure life which God has given us as a gift.

THE WAY TO BAPTISM

Even if God did miracles in my life, I didn't even think of baptism, which is fully emersion in water. I had a little bit of ornaments and that's why I couldn't take baptism. I was not willing to remove my ornaments. Pastors used to give message on (Mark 16:16), "Whoever believes and is baptized will be saved, but whoever does not believe will be condemned ", and told the importance of baptism. But I did not like to remove ornaments and so I did not take baptism. But when I was a child I took baptism and that is child baptism. God gave me whatever I asked. One night I dreamt that Jesus came by my side and said "I gave you whatever you asked but what did you do for me?" I replied "Jesus my father you are the One who have everything and you are the God who blesses me with everything, then what should I give you?" When I said this I surrendered my body, soul and mind to Jesus.

After a few days I dreamt my husband died. I cried to the Lord and asked to give life to my husband. At that time Jesus said both your husband and yourself must take baptism. I agreed to take baptism and at that moment life came back to my husband's body. I got up from my sleep. We didn't take baptism and after one month I saw the same dream again. But the following seven months we didn't take baptism. My

husband was doing business and suddenly our source of income from the shop decreased. My husband was in despair. I asked God what was the reason behind it. God asked me to check the decision and rededicate it. Those who do not be born in water and spirit will not enter the kingdom of God. I started thinking about it. I thought about the suffering faithfulness, fear of God and poverty that I endured was to go to Heaven. I want a small place in Heaven and that was my hope.

If for that I should take baptism, then surely I shall do it and surrendered before the Lord. In our Salempuri Church only those who accepted Jesus and discarded all Earthly pleasure like ornaments and lived a model life were given baptism. So both of us discarded Earthly pleasure and ornaments and took baptism under Pastor. Edwin Kanakaraj and were very happy. Our shop was opened and our income increased little by little we got income and then God gave us prosperity to spend for my family. Hallelujah! all glory to my Lord!

RECEIVED HOLY SPIRIT

All the miracles done through me was due to the work of the Holy Spirit but I did not receive the gift of speaking in tongues and the abundant overflow. In 1989, there was a fasting prayer in our Church and the congregation was worshipping in the power of the spirit. At that time I saw a dove flying over us and fire came out from it and glorified the whole place. I called out, "Father Jesus send that dove into my heart." Suddenly that dove came into my heart and it lived in my heart. I cannot explain the joy I had at that time in words. At once I started speaking in tongues and for a long time I couldn't stop it. My body, soul and mind burned in that fire and I became a new person. Thus these filled peace and joy in my heart. In Mathew 3: 11, "I indeed baptize you with water unto repentance, but He who is coming after me is mightier than I, whose sandals I am not worthy to carry. He will baptize you with Holy Spirit and fire."

I LOST HOLY SPIRIT AND GOT IT AGAIN

Two years passed after I got the gift of the Holy Spirit and one day a woman came while I was doing work in a coconut leaf with gossip and I enjoyed it (Eph 5: 4) says, "Nor should there be obscenity, foolish talk or coarse joking, which are out of place, but thanksgiving." According to this verse God saw it as a defect and that evening while I was singing songs for evening prayer, I couldn't enjoy the worship in the spirit. But still I closed my eyes and prayed earnestly. At that time I saw a vision. There was pure water in a pond with a group of fish playing in it. Suddenly the pure water turned muddy water and all the fish died. I was sad when I saw it and asked God what this is about, I heard God's voice. "You have lost the Holy Spirit." I started crying with great pain. I said, "Lord pardon me, I shouldn't have heard the gossip of that woman. Give me back the holy spirit. Until then I will not leave you," I cried aloud heart broken I will never lose the Holy Spirit you gave me. When I cried and prayed, God gave me back the Holy Spirit which I have lost. Again I felt happy in the Spirit and I saw the vision again, The clear water and the fish. Which was dead was now playing

energetically. At that time I was happy at heart. Proverbs 28:13 says."He who conceals his sins does not prosper, but whoever confesses and renounces them find mercy." I got the joy of my heart back because of the above verse. Now from then, I am very careful not to gossip or hear such fake news.

OPEN TESTIMONY

After two years of the above happenings, one night Jesus told me that I should say my testimony to the world. I did not know what to testify or how to say testimony and I prayed to God. "I don't know Lord." I said. God asked me, "don't you know how I love you ?" "Don't you have nothing to tell about me to others ?" I replied, "Jesus if this is what I should tell, I have a lot of miracles to tell others. Then one night I saw a vision of myself standing on a rock in the middle of the sea, wearing a white dress and a Holy Bible in my hand. An old lady came in front of me and I told my testimony to her and she was very happy to hear it. From this I understood that those who have received Jesus as their Savior must tell their testimony to the world and that is our Lords desire. Those days were very hard for us. We did not have money to save. I did not have a clean dress to wear, a good Bible nor money for bus-fare. Thus one year passed by and I did not tell my testimony to anyone. Again one night I saw Jesus with an angry face asking me why I was not telling my testimony. I was frightened and was shivering. After this vision I never let my Jesus show anger to me like this. I started dressing myself and Holy Spirit told Jesus, "you needn't punish her, she is willing to go and tell her testimony" and he gave me a lot of money which I couldn't count. I took that money in my

two hands and it was a great number that it was falling out. When I was with the money, Jesus also walked along with me. Suddenly, I woke up from my sleep and began to cry. I was so poor at that time, how will I go out into the world and that thought made me cry aloud. My husband got up hearing me cry and I explained to him all that Jesus told me that he will punish us if we won't go to testify what Jesus had done for us. He comforted telling me that we can go at any cost. That Sunday I told my testimony in my church and our pastor encouraged me and gave me a letter recommending me in INZA's other churches too. He also gave me the route map of other branch churches. He prayed for us and blessed us . There was no money in our house and I started crying, thinking how we'll go. We don't have bus-fare to go nor money to drink lemon juice. I decided to go by faith and I told this to my husband. I told him when we feel hungry we can drink water from the pipe. The next day we walked ten kilometers and went to our branch church at Payyattuvila. We were very happy when we returned home. After that we went to forty churches. We visited others only twice a month. Holy Spirit used us in a mighty way. Not only I said my testimony but also told them what God told me about certain members of the church and also about the churches which were a blessing to them. Proverbs 14:26 says, "He who fears the Lord has a secure fortress, and for his children it will be a refuge." "How can I repay the Lord for all his goodness to me ? I will lift up the cup of salvation and call on the name of the Lord." Psalms 116:12-13, "I love my Lord, for he heard my voice, he heard my cry for mercy." All my prayers were answered by Jesus and he saved me. So I became a living testimony for Jesus.

BEGINNING OF REWARDS

We have two children. When we started going to churches to tell my testimony my son who was very young started his job by carrying heavy loads on his cycle and for that he got salary. God gave him strength to do this job. We were comforted by his money. I taught him to give tithe to the church. From then onwards he is giving his tithe to the church without fail. By this time my son passed his tenth and my daughter passed nursing course. We finished telling testimony to four churches and my son got a job as security and got a salary of Rs.450. My daughter also got a job in a private hospital. My son learned driving while he was working as security. He saved money and bought an auto-rickshaw which was our first vehicle. “May he give you the desire of your heart and make all your plans succeed”(Psalms 20: 4) All our prayers were heard by God and he answered according to my Heart’s desire and increased our income day by day. God takes care of people who are faithful to him and he took care of us too.

HARD TESTIMONY OF MY FAITH

One day while I was praying I heard a voice speaking to me that I will go through difficult test in life. I told this in our church. After one month I came to know that there was a growth inside my stomach. It gave me severe pain because it was growing. My husband and children were upset and asked me to go for treatment. After I have accepted Jesus as my Saviour I haven't taken any medicine in my life. Even when a poisonous snake bit me, I did not take medicine but God healed me. I told this to my family. My stomach enlarged and the skin turned red. The growth inside my stomach became larger and larger day by day. My daughter was working as a nurse in the Al Arif hospital. They took me there and after scanning the doctor found out that there was a large growth inside my stomach. Immediately operation was needed. I was in the hospital crying because I had to agree to the operation. I was taken to the operation theatre. At that time God's glory surrounded me. Then I did not know anything. When I opened my eyes I was in the hospital room and the operation was over and the growth was removed. On the third day I was very sad at taking medicine and I was in despair that I couldn't pray properly. I did not speak to anyone. At that time I saw Jesus handing over me a shining cup. Jesus asked me to follow

him with the cup. I said, "I am not suitable to follow you Lord," Jesus again called me humbly. I obeyed and followed and I opened my eyes. Just then I was completely healed and those diseases did not attack me till now. But I had to be in the hospital until I regained my health and walk properly. This operation is expensive. But without giving a single rupee, a hindu doctor did the operation and I thank God for it. The cup that Jesus gave me blessed me spiritually and physically." Blessed is the man who perseveres under the trial, because when he has stood the test, he will receive the crown of life that God has promised to those who love him." (James 1: 12)

After this trial, I was worried about my daughter's marriage. But God showed me a humble and spiritual young man called Sunil and that marriage was done in a grand manner. They got two girls Anaka and Mekha. Their family has happiness and peace in Christ.

GOD BLESSED MY SON

Once while I was praying to God about my son God told me that, “he is blameless and upright, a man who fears God and shun evil, like Job. (Job 1:8) God blessed him and he bought a tourist car. He is humble and faithful and so people hired his taxi and autorickshaw. God showed me a girl named Beena and I took interest in my son, marrying her. Her parents are also very spiritual and always praying. Her parents brought up their three children in spirituality. They have a wonderful testimony in their village. After a few years of marriage my daughter in law got a government job. They have a son called Joshin and a daughter called Jinsha. After my son’s marriage he got a job as driver in the Kerala State transport department.

When he was working as a driver, by God’s direction he started a driving school and named it “J.J. Driving School.” When he started he had only an old Maruti car and an ambassador. He was very faithful before God and man. God gave a sudden growth to the driving school. Now he is training young men and women to drive scooters, autorickshaws, cars and also obtains licence for them. Many come to study driving from near and far. He bought an old Mahindra van and with faith he named it AB transport. Now God blessed him and it’s

really a transport. Usually the others name it as travels but with faith my son named it transport and now he has a lot of buses and vans. He couldn't go for job because of his heavy work and he resigned it on 1-3-2016. Now AB transport has six buses, a modern Innova car, new Maruti car, again a new car, autorickshaws and a lot of bikes with which he teaches driving. The secret behind this is faithfulness to God, prayer and dependence on God. Their vehicles are not only used for our church freely, but also for other churches functions also. "Trust in the Lord and do good, dwell in the land and enjoy safe pasture. Delight yourself in the Lord and he will give you the desires of your heart." (Psalm 37: 3-4)

SUFFERINGS OF MY HUSBAND

In 1998, when my husband was running a shop, suddenly he felt pain in the heart. Immediately he was taken to the Trivandrum medical college hospital and was admitted in ICU. I was praying for him earnestly. God who hears my prayer, now healed him without any surgery. He was fully healed. If he had not submitted he would have been dead and for that he suffered six and half years. I got a vision that God was going to punish him. One day suddenly he had a stroke and half of his body was paralised, he couldn't speak. He lost his memory. We took him to the medical college hospital. There was no response from his body to the treatment given. So the doctors lost hope and we took him home on the ninth day. Liquid food was given through his nose with the help of a tube. If he dies in this state he would go to hell and I prayed earnestly to Jesus and God did the miracle: On the fifth day a finger from the leg started moving and eventually the body which was cold, became hot and the whole body moved and he regained consciousness. After three months the tube was removed from the nose. He started eating a little bit of food. The following six and half years he did not eat his food with his own hand, and my children and in laws also looked after him carefully and prayerfully.

I was praying that God should pardon his sins and give him a place in heaven. I sat beside him and told him all his sins that I could remember. Three years passed by, I didn't know God pardoned him. Again he suffered from heart attack. He couldn't speak. There was no hope that he would live. I cried and prayed that he must not die until he gets salvation. At that time I saw a vision. Jesus came to his bed and gave salvation and extended his life for three and a half years. Like this if you reject God after receiving all good things and blessings, how can God give you a place in heaven,? (Hebrews 4: 1-7)

I stood between him and God and prayed for his salvation. God heard my prayer and he accepted Jesus and his sins were washed away by the blood of Jesus. I could see his happiness and peace through his brightened face. Then on ninth January 2009, he passed away and joined with Christ in Heaven.

ROOF WAS TILED

Now also we are staying in 19 cents of land that was purchased first. We built a hut out of mud first. Then we built walls and thatched the roof of the house. Then as I got permission from God, I tiled the house. It was a hard job but still I could do it. The walls and floor was not cemented and so poisonous snakes would hide in between the space on the walls. I used to see snakes going out in the morning from under my bed. I was angry at Jesus and prayed if Jesus is not destroying the snakes I would go away from this place and I won't pray to you. Jesus spoke to me and said, not one of the snakes will touch you. Nearly more than 35 snakes were killed by my husband, Again by the grace of God, I could cement the walls and it was now perfect to continue in this house.

PROGRESS OF THE HOUSE AND IT'S HINDERANCE

We have a small path at south of our house. We wanted that small path to be, twelve feet broad from east to west. On the eastern side of our house there was a plot that belongs to some one else. There is a channel near that eastern side. There is a road after the channel and we had to carry things from the road and walk all through the channel and come home. So with the permission of the Panchayath I started building an iron bridge across the channel. It would be a blessing for the villagers also. But a few of the villagers got a stay order from the government, which pained me a lot. I had been only good to my villagers, but they stopped the building of the compound wall. I haven't done anything wrong but I have prayed for their blessing. I asked my lord what should I do. Jesus encouraged me telling that he will take away my burden. He told me to start building the compound wall for the nineteen cents of land. There was a sister living at the south side of my house. She allowed to bring the things to build the wall through her plot of land. So I could build the compound wall and could do maintenance of the house. Now our house looks very very beautiful in our place.

CONCLUSION

If God calls a person to do his work, he would not give all the blessings at one step. If a child is born, he will not grow up immediately. He will grow step by step. Likewise if God calls a person, he should not turn on the left or right nor to the back and must stand firm and faithful to God. Such a person may face a lot of difficulties. He may be forsaken by many and he may even think of ending his life. But you should not waver, you should believe that it is God who saved me and called me. Maybe a financial crisis has come to your family. At other times all the relatives may have left you alone. Maybe you didn't get any blessings. These are all trials, and you must not go away from Jesus. God will bless you abundantly in Earth if you don't run away from him. When we gossip about others, please think if it benefits anyone or if I speak like this will God bless me. Maybe outwardly you're perfect you are a pentecost person but God looks inwardly. Maybe they are conducting cottage meetings, and anyone who looks at them may think they are also pious. But if God looks at your heart, there would be no place for him. Man judges others by looking at their outward dealings but God looks at our hearts. When we live in this world we should prove that we are the children of God at all places. When we are happy and have all good things in life, if we don't pray and

seek God only when we suffer how can God answer our prayers ? Those who got blessings from God if they back slide, God will be unhappy with them and the suffering will be great. If without any reason people turn against a man of God, we should pray for such person's salvation. We should be happy at other's blessings. If we do that God will bless our families. We should win others by our love and should be happy when we see others blessed.

MY PRAYER LIFE

My mother-in-law told me that I should take up and continue her prayer life. It hit my heart very much. It grew in my heart and I started praying for everything. Once Jesus came directly towards me and told that I should be the watchman of this area and God has appointed me for that duty. (Isaiah 21: 11) someone calls to me, "Watchman what is left of the night?" After that God gave me the gift of intercessory prayer. Many people were going to hell and God showed me such visions. When I saw this I started praying for them that they should receive Jesus as their saviour and go to heaven. Day and night I cried for the believers who were going to hell. At night God would call me and ask me to pray for those people whom I have never heard nor seen in my life. I used to pray for their salvation. For some of them God would tell that they are going to face dangerous events and so I started praying for them and God would save them from such dangers. Many of them used to phone and tell their problems in tears. I advice them through phone and ask them to pray and teach them how to pray. God used to give me visions of calamities that would happen in this world and whenever I fail to pray I have heard the casualties were very severe.

So whenever I get these visions I used to pray that such incidents must not happen in our village. I used to see

the result and are happy that God prevented such accidents from happening through my prayers. I feel a peace of mind when I see the results of prayer. Once I asked Jesus, " Lord do you answer all my prayers ?" Jesus replied it's your duty to pray and if they are suitable for the answer I will give them the answer.

I am illiterate but God gives me wisdom to give advice to many many people. Those people who are going to destruction without God, if they are from any country I take up those subjects as mine own and I pray for them. God led me till now in my life and I believe he will lead me always. I conclude this book by giving all praise and glory to my God. Hallelujah! Glory to my Lord.

PART - 2

“Raised the Poor Lady from the Ash Heap”

Revised edition by Sister Baby Sarojam

I met Sis. Baby Sarojam in the ICU of Ananthapuri Hospitals and Research Institute, Thiruvananthapuram on 14-09-2023 for the very first time. When I saw her she was very critical with severe pneumonia, respiratory failure and in shock and altered sensorium. As soon I saw her I knew

she was in critical state and she needed immediate ventilatory assistance as her oxygen level was very low and was not improving with any amount of oxygen support. She was intubated and ventilated after informed consent and she was in the critical care ICU. Initially she did not show much improvement. As she was not showing any improvement she needed prolonged ventilation and so a surgical tracheostomy was done and ventilation was continued. While in the ICU she had a cardiac arrest and her cardiac activity stopped completely and she was given cardiopulmonary resuscitation as per protocol. She needed more than the usual cycles of CPR. Her resuscitation was prolonged and her cardiac activity came back only after 30 minutes. As per medical science after prolonged resuscitation patients usually have some degree of cardiac and brain dysfunction because of the prolonged hypoxia. So we expected the same. When I went for rounds in the ICU the next day what we saw was a miracle. Sister Baby Sarojam who was not improving till then was showing signs of great improvement post cardiac arrest. When she had the arrest I had spoken to her son Mr. Jayaprakash. He was full of faith and he was confident that nothing will happen to his mother. I was also confident as the lord told me that she will be OK in spite of the situation

being against scientific norms. After the cardiac arrest her condition improved very fast, she was shifted to the room. After a few weeks the tracheostomy was removed in spite of every one thinking that she will have to be sent home with the tracheostomy tube. Her experience in the ICU is definitely a miracle which only our Heavenly Father can do. All glory to Jesus for his amazing love and grace. She has been coming regularly for follow up and she is doing well for the Glory of God. I pray that her testimony will open the eyes of others to the fact that there is a life beyond our life here. The physical life is not the only life, but the spiritual life in Jesus is the real life. May it bring comfort and hope to believers who have lost their believing loved ones. Let this Testimony bring repentance and eternal life to those who have not Known the Lord. My prayers and blessings to dear Sister Baby Sarojam. All the glory to our Lord Jesus Christ.

Praise the Lord

“The writer of this book “Raised the Poor Lady from the Ashes”, Sister Baby Sarojam is very dear to me. I came to know this family when I was fourteen years old. Sister Baby’s life experiences are written in this book. I wish the heart touching and real experiences of this sister may help many to come out from their bondages. My faith had become firm after reading this book and had sharpened my call. This book has been a great blessing to my family and ministry. May all those who read this book get saved and experience God’s presence in their life. Each page of this book does not tell us a story but an incredible life experience and the miracles of a living God. Sister completely depended on God and had unwavering faith which brought miracles in her life. Hence she has published this book for the Glory of God, which is indeed a blessing. She could, have kept the miracles that happened in her life as personal to her heart and would not have exposed it as a testimony but she gave the church and its members a challenge to re think about their call and to become useful to a lot of believers to go forward and be useful to God. May God bless all those who read this book. Praise God.

GREETINGS

Praise the Lord! "But God has chosen the foolish things of the world to put to shame the wise, and God has chosen the weak things of the world to put to shame the things which are mighty." (1 Corin 1:27)

This verse has indeed come true in Sister Baby Sarojam's life. Before five decades I came to know this mother. She told me some of her bitter life experiences, which she has written in this book. I heard those with awe and praised God for His wonderful ways. Her mind is truth, her heart is love and her life is service for the loving God. She is a role model for the Christian world who has recognised her divine call, inspite of her limitations and hurdles in life.

Many women have confined within the four walls of their house by telling that they have no abilities and doesn't know how to testify, sister Baby Sarojam though illiterate came forward to testify Christ through her humble life and fear of the Lord. Those who have no hope in life, will surely get new life and miracles through reading this book. May God shower on her long-life, health and all blessings to bring a lot of people to His Kingdom. Wishing you all the best. God Bless You.

TESTIMONY OF SON JAYAPRAKASH

I praise God for giving me this opportunity to write a testimony and thanks in this book which my mother wrote. My mother, who is alive in this world is a miracle. My mother died but we all cried out to Lord and He gave back my mother alive. She is a model not for us but also for everyone around us. I cannot refrain from telling this, because she speaks only about Jesus to everyone she sees, in her house or outside. She loves Jesus so much that always she prays and gives us advice. If she sees a small error in us she'll scold us severely.

I am now 52 years old. During these years my sister and I've not seen my father and mother speaking angrily with each other even for a petty thing. Their family life was a model for everyone and it was because of my mother. My mother always stood for peace in our family. She brought up the family with great wisdom. During my childhood days, we suffered a lot due to poverty. During those days also my mother gave us good advice. Hence me and my sister had a good testimony in our life and we were models for many. Today my family and my sister's family looks after my mother with great care, love, respect and provides everything for her happiness. Those who are reading this must look after their parents with love and also must obey and respect them, and don't create sorrow for them. It'll be a blessing for you and your generations to come.

My mother wants to do God's will, and this is her only desire. My mother is the light of our house. Those who read my mother's book must check your life and prepare yourself to go to Heaven. May God bless you.

Subjects Excluded in the first book

The vision I saw one night before 48 years. In that vision I saw myself as 10 years old wearing a skirt and blouse and looking like a tribal girl. (Really I saw this when I am a mother of two children) A big convention meeting was going on at Putharikandam ground. There was a lot of people. The two sides of the ground was filled with men and women. There was a way through the middle of the ground. I walked with head bowed without looking at anyone's face, I walked up in front of the stage. There were great pastors on the stage. I saw Jesus standing on the right side of the stage wearing a long garment. (That time I did not know that the person was Jesus but now as I have seen Him several times, I knew that it was Jesus on stage.) When He saw me He came and held my hand and helped me up to stand on the right side of the stage. The pastors sitting on the left side of the stage got angry with Jesus and said that they were suffering a lot for Him and were earnestly delivering the messages but you gave honour to this useless girl. Jesus replied that they were preaching what they studied but this girl fears me. I clearly saw and heard this.

From what I saw, I understood that whoever does evangelism in the name of Jesus and also can give wonderful messages and people, may receive salvation, but God will not be pleased with us if our heart is not pure. The Bible

says, "Many will say to me in that day, Lord, Lord have we not prophesied in your name and done many wonders in your name, And then I will declare to them, 'I never knew you; depart from Me, you who practice lawlessness" (Matt 7:22, 23) When I think about the above verse I am filled with fear. Whatever I do for Jesus if He does not be pleased with me, my life is zero. So, we must fear our Lord and that is also my desire!

GOD AND SON CAME AND SEALED THE COMPOUND

Once in my life before 48 years, we were in great trouble. Many came against us from every where around. My family was almost in danger. To whom should we complain Lord, how will we live here? I cried out to Lord in prayer all the night. At that time I saw God the Father and Son came together and sealed our compound. I felt a peace in my heart. After this vision a lot of troubles came but they couldn't touch us because the Trinity God is with us. Then after a few days I cried to God and said that I have no father to love me and care for me. I haven't seen my father and I cried a lot. At that time I heard God's voice, "You have a father in heaven to provide you." I was comforted with these words. Until now Christ Jesus is my Father in Heaven and He is providing everything for my family.

Several years before once I was alone in my house. In the afternoon at 12 O'clock there was no one with me but I heard a cock crowing in a particular way. I got out and looked at it. Suddenly it changed into a satan and it said that he will chase me away from my house. Suddenly, Holy spirit comforted me saying, "no one, or satan cannot touch you." I am protected by God and when I was in my mother's womb God saw me and loved me, that's why He said satan cannot touch me.

THE VISION I SAW BEFORE 48 YEARS

In a vision I saw myself as a fire ball, and I knew it was myself burning. And it was hit by a hammer till it became flat and then it turned to be a chain. Some one put that chain into my neck. Many people came to see the chain and they said it looked beautiful.

Those days our family was going through a stage of pain and frustration as if we were thrown into a fire of furnace. We suffered and no one came to our help. I heard a lot of allegations, fake stories about myself which I have not even dreamt of. So, I thought of suicide. But after hearing all the stories my husband comforted me saying that if I committed suicide, who will look after our family. More over there is a living God who knows all the truth. Now, I realize that God wanted to bring me out like pure gold and that's why I had to undergo a lot of troubles. Like the vision I saw, Now God has made me a wonderful person to comfort many who are in trouble, "But He knows the way that I take; When He has tested me, I shall come forth as gold." (Job 23:10)

My dear readers if you are going through suffering, trouble, shame and allegations which are fake don't think of suicide, Do not go away from God, come near to Jesus, He

will comfort you. In the Book of Daniel we see Shadrach, Meshach and Abed-Nago, who did not worship the gold image king Nebuchadnezzar had set up. They were thrown into the burning fiery furnace but the son of God came into the furnace and saved them, even the smell of fire was not on them. God will bring you out from the fire you are in now. Today as I saw in that vision God gave me the gifts of the Holy Spirit and made me useful for a lot of people.

"FROM DEATH TO LIFE"

**The disease that affected me and I died and
then regained life.**

In the year 2023 September 13th we were renovating our house. We were trying to construct a hall in front of our house to conduct meetings. We were doing this in a hurry because my grand daughter was going to Canada for higher studies. She is also a good singer. I wanted to conduct a cottage meeting before she went to Canada. My grandson is also a good singer. Both of them are well talented. I wanted to conduct the meeting when they were here. So, the works were progressing. I had published a book containing my testimony. It was inaugurated by the Vice president of INZA Pr. Sathesh Nelson on 5-5-2019 at Salempuri Church, Kovalam. It was a Sunday and many people were assembled for the function. After reading this book more than 350 people used to call me to share their sufferings and to tell about their children who are going astray. I used to pray for them day and night and also give them advice over the phone as the Holy Spirit guided me. I haven't seen many of them directly. So, I thought I would see if I conducted a prayer meeting in front of my house and so we were constructing it quickly. I did not have any illness at that time. I was 71 years old but I supervised all the works. During that time also many called

me for payer and I used to give them advice and encourage them to have faith in the Lord. When I was supervising the works of the hall, on September 13th 2023, at 11.30 am I had severe body pain and I thought I was going to have fever. I had my breakfast in the morning and at noon I had rice pudding. Then pain started at the right side of the chest and also from the right shoulder to the hand. I thought my lung was full of spectrum. My sister was with me and she massaged my body. In the afternoon I vomitted twice and I experienced uneasiness.

My son took me to the Al-Arif Hospital, Ambalathara. I washed my body, dressed myself, took my bag and walked to get into the car at 5.30 pm. But I did all these mechanically, I did not have the true sense. Why I said all these because I cannot remember anything I did or said at that time. I was talking to my sister and my son on the way to hospital but till now I cannot remember what I said. My children tried to make me tell but I cannot remember anything. On the way to the Al-Arif hospital, I started wheezing. Till 71 years of my age I did not experience wheezing. They started treatment very quickly. My oxygen level was coming down, and I'm having pneumonia the doctor reported. At 12 O'clock midnight my condition became worst and I was admitted in the ICU.

There also I became worse and worse and at 4 O'clock early morning with the help of oxygen, I was taken in the ambulance to the Ananthapuri hospital at Trivandrm. There my oxygen level and BP was coming down. I was admitted there in the critical ICU, but my condition was serious. Then the hospital staff asked my son to sign the documents on

September 14th and I was shifted to the Ventilator. I did not know anything but only after coming home I was told about it. At Ananthapuri hospital, the doctor said that they would tell about my condition after 72 hours. Only if my body receives the medicines the doctors can say anything. By the grace of God, 72 hours passed and my children were happy. The doctor who treated me is a pastor called Dr. Bobby Moses. He is known in the hospital as pastor doctor. We did not know anyone in the hospital but God gave us an angel to help us who was this pastor doctor. My son told, my mother is a praying mother and we want her back. When the doctor heard this he was happy and replied, "We shall pray and God will heal her." The pastor doctor was also a very good preacher. I was in the hospital for 34 days and in that 12 days in the critical ICU and ventilator. They gave me oxygen through the mouth with the help of a tube. I was unconscious and did not know anything. My chest was full of spectrum on both sides. My condition was very serious, and there was no hope and the doctors had also no hope that I would live.

Daily morning and evening my children, my in-laws, my grand children and a few of those who loved me would visit me. My condition was very critical and my church members and all those who knew about me through this first edition of book prayed earnestly for my recovery. They prayed that aunty must come home alive so that I would pray for them again. They cried out saying "take my life and give aunty's life back." My grand children also cried and prayed for me. Because I prayed for many, God also provided a lot of people to pray for me. On September 18th afternoon I had a cardiac arrest. For 30 minutes I was totally dead said the doctor and after 30 minutes I started breathing. What I saw

after my death I shall describe here. I can see my body lying dead and my soul went upwards until there was no relation with the earth. I won't be able to see anyone on the earth, I said to my mind. Next I went into a strong light and I understood that was Heaven. After sometimes I was sitting in a small helicopter with no pilot or co-passengers. I went up as a soul but I was coming back with wearing white dress. As I was coming down I heard a voice like thunder, "I have seen you when you were in your mother's womb." I came down and I saw myself lying on the bed. I did not know whether it was hospital or ICU as I have earlier told you that I couldn't remember getting out of the house to go to hospital and what happened after that. When I was lying unconsciously on the hospital bed I saw Jesus standing beside my bed like a father's image. He talked to me and said, "This is your second chance in life, the world didn't know who you are and now you will be known and for that I had to do this." Christ had a plan about me, those who read my first book called me and asked solutions for their problems. I used to pray for them during day and night and also give them solutions. I used to pray for the people all around the world because I wanted them to be saved from hell.

God used to speak to me to pray for certain families and certain countries and I used to pray for them all night. Many do not know this, so one day I asked God, "Jesus Father I'm praying for everyone, for all who ask me to pray without avoiding even a single child and how will I know if they had got the answer?" Jesus said to me, "It is I who have asked you to pray, if you do not obey me, I'll ask you, if for the person you're praying is worthy, they'll get the answer." Like a dove's "Coo-oo" sound, I used to pray all night for

everybody. My relatives used to tell me if I don't sleep, I'll get a lot of diseases. No one outside knew about my prayer life. I told my relatives, if Jesus comes what will happen to these people if I don't pray. Only Jesus who gave me this prayer life knew about my night prayer. That's why Jesus told me, when I was in the ICU that till now noone knew a bout you, but from now on everyone will come to know you that's why from death, I gave you a second chance to live. Jesus talked to me when I was in the ICU, "You saw me, heard me and touched me. Only you can testify a bout me to everyone without partiality of caste, religion and age. You have to tell everyone that Jesus Christ is the true living God and if they disobey you, I'll punish them.

God spoke to me when I was in the hospital bed I cannot remember all things but mainly he said that I must testify about this miracle and it is for this purpose He gave me a second chance to live in this world. This doesn't mean I won't be sick again. I may get sick and take medicine because I'm a human being, and suffering is God's children's right. I was still unconscious but what father Jesus spoke, I could hear in the spirit. I was also replying to Jesus in the spirit. I said I'm now 71 years old and how could I testify at this age. I am unable to do so. Jesus replied, "Haven't you written in the first book that you have to testify to the world about me?" At once I saw Pr. Satheesh Nelson who is the Vice President of our INZA. I was very happy to see him and I opened my eyes. I became conscious and I was lying on the hospital cot which I saw in the dream. Doctors and nurses were standing beside me but my family members were not there. How did I come here? I was wonder struck and from that moment onwards I had a good memory power. I must not have a second cardiac

arrest the doctors said and till now by God's grace I did not get a second one.

If cardiac arrest occurs the patient will die at once, if he survives his brain will be affected. Sometimes our senses will be abnormal. But in my case the opposite has happened. I've a good sense and the doctor said it's a miracle. I felt a lot better but the doctors said that the oxygen level is not increasing. So, the doctors removed the big tube from the mouth and did a surgery at the front portion of the neck and gave me oxygen. This is known as tracheostomy and it's done in the severest critical stage. After I came home, a nursing superintendent came to see my neck where tracheostomy was done and she was wonder stuck. There was a big sore and a male nurse would come everyday to clean the sore and now there is a scar in that part and anyone can come and see it. If you want you can call over the phone and I'll talk to you. I have given my phone number in this book. I want to do my Father Jesus's desire in my life and that's why He healed me and by the grace of God I am in good health now, I don't have any sickness.

After I regained consciousness my son came to see me in the ICU and he said, "God is with you mom, that's why God gave you a doctor like an angel." When I was unconscious my son came beside my bed and prayed with faith and authority saying God's Words of healing, and after wards when he looked he saw my legs move. His prayer with faith made my legs move. I was in the critical ICU for 12 days and after that 22 days I was brought to the room with all external connections. So my children could come and stay with me. In between these days one night my oxygen level went down and at that time my son and sister were with me. They went

and told and the nurses and doctors came quickly. I was trying to get my breath and they tried their level best to regain the oxygen but failed. Then the main doctor brought something like a ballon and pumped oxygen through my mouth and it was of no use. I lost my consciousness. My son and sister were praying earnestly. Inside my heart I heard the doctor telling the others that they have to take me back to the ICU. Suddenly I thought with pain, should I go to the ICU again? At that moment my oxygen level became normal and the nurses and doctors were happy. Again when I was in the hospital room, one night blood began to flow from my nose and my children got scared and immediately called the doctor. By the grace of God, that too became normal and after 34 days I went home, completely healed.

After I got a second chance to live in this world, I used to get angry when I saw sin and without showing partiality. I scold them. I asked my sister to read the book and find out whether. I've written that God told me to testify Him. She read and said that it is written. That's why God gave me this healing because He wants to do miracles through me only. I asked Him, "Why did you choose me and I had to go through this sickness as you said years ago to be your witness in this world? Then Jesus replied, "you have gone through trials, tribulations, shame and you endured all these alone without saying a bad word about me. Till now you have the fear and reverence for me. You alone have suffered all these and have not gone a stray from me. So, only you are worthy of testifying me and this promise you have to fulfill. If your friends and relatives should have trust in Jesus, I had to do this to you. Only if you're a second chance in the eyes of the world they'll surely believe in me and stay strong.

THE COTTAGE PRAYER

After I came home from hospital, I conducted a prayer meeting where I built a hall with top sheets on 15-12-2023. As a thanks giving the meeting was conducted, by my children and as I desired my grandchildren sang the songs. I gave my testimony that day and the message was delivered by the doctor who treated me Dr. Bobby Moses. Doctor spoke about how I died and God gave me life again to the audience. The meeting was recorded by Amen TV and my testimony was broadcasted. After hearing this the Aroma TV invited me to testify a bout my second chance. Anyway after the TV interview, I felt happy because my testimony spread far and wide as my Lord asked me to do. God spoke to me when I was in the ICU but I cannot remember anything. Still I think Lord wants me to spread my testimony around the world and I have done that through the TV and my book. I want to please my Jesus after I came home from the hospital and all the other worldly things do not interest me nor make me happy. In fact I don't even laugh heartily. I have the fear of God and want to do what Jesus asked me to do. I always yearn like a dove's coo-coo for my Lord, and wants only to do His will.

But I am not neglecting my duty as a mother. I look after my family, my children and my grand children. I am not selfish to only think of my family and ignore the others, as a

mother I've compassion for them too. Only my family should go to heaven, let the others live as they like and go to hell. When my hand cuts the colour of the blood is the same colour in the others body too, so this mother has a sincere concern for them too. Many can judge us looking at the outward appearance but God looks at our heart and gives us marks. Those are the thoughts that God gave me in my sleep and otherwise also, when I ask Him. I don't have secular education, nor is there anyone to teach me, all the thoughts are given to me by our God. It is because of Jesus I could survive in this world. When I'm in despair or I've a doubt about something I cry to Jesus for an answer and at once I will be comforted which is His glory. I don't get that happiness from anyone else. I am a mother who always tastes Jesus in my life. So, my wish is that everyone should love and fear God. Sometimes I suffer a lot that if I couldn't bear that pain, I go and lie down in bed. Like a father, Jesus would come and look at me. When I see that vision my troubles and pain vanishes. Then I would not feel like lying in bed and I get up. Years before I used to go to bed because of heaviness in my heart with out praying. I used to lay awake due to a heavy heart and Jesus would come beside my bed and tell, "Get up and pray." Immediately I got up and prayed and then I got a sound sleep.

Jesus is watching us closely, our every actions. I am uneducated but it's because of God's grace I am able to write this book, Otherwise from where will I get this wisdom? In this world many are living a life of indiscipline like drinking alcohol, using drugs, killing people and using their body for unholy things. To save such people Jesus shed His blood on the cross and gave us even his last drop of blood. The price

of the human soul is more than the value of this earth. God made me understand this clearly. So, I cannot sit idly because I know this truth. God gave me a second chance to become a witness for Him and also to pray for the people. What should we give to Jesus for shedding his last drop of blood for us? We should give our heart, and God wants our heart.

Once God said to me, "You should teach and advise all the people." I replied "Father Jesus, how to teach and advise people?" All that time He showed me a clean white paper and said everyone's heart must be like this. If a small spot is made in the clean paper, it'll be projected. God wants our spotless heart. We should check ourselves every minute in our life to know whether our heart is spotless. We should protect our heart and keep it spotless. Only such persons will go to Heaven. This is what God asked me to teach everyone.

We are sinners may be in our speech, thoughts, looks, give and take. some gossip, judge others and spread fake news which God hates. We should not have any such character. If we point our finger to one person the other four are pointing towards us. We should not judge others. "Blessed are the pure in heart, for they shall see God," (Math 5:8)

If we have done any iniquities in life we should pray for God's pardon and also discard the sins and must not repeat it later. The Bible says, " Though your sins are like scarlet, they shall be as white as snow." (Isaiah 1:18) On 4-11-2024 Monday as I was taking a nap at 4 o'clock in the evening I heard a voice, " Jesus is coming soon." I got up with a shock. I was full of fear because I had not told everyone about Christ and the way to Heaven. I had todo a lot before his second coming and that's why God gave me a second

chance. I feared that if anyone goes to hell, God would ask me about it. Let Jesus come soon or later, are we ready to go to Heaven? Let us be like the innocent child and prepare ourself to go to Heaven with an innocent heart.

On 5-11-2024 at dawn, I saw a vision. It seems to be a convention ground where lots of people have arrived. I was also attending the convention. The meeting got over but no one is going home. The cars and vehicles are there by the side of the ground. I went to see what had happend. Even the small children of the age seven or eight are lying in bond age. From this I understood that God will judge everyone. If God would judge children of 7 or 8 years old what will hapeen to the elders ? The Holy Spirit told me, " No one should perish, so you should give them good advice, and teach them." Why should the children be judged ?

I was worried at my heart and God answerd by saying that it's because of the mobile. During the Corona pandemic, their classes were conducted online and so they started using the mobile not only for studies but also for other things. Hence they lost their innocence. Parents must teach their children the fear of the Lord, then they won't go astray. Parents should have an eye on their children. Their actions and changes in their character should be noticed by the parents. Teach them about God's love, otherwise parents would come to the state of tears in their life. Our wealth in this earth is our children. Not only children but all elders, senior citizens must fear the Lord and always lead a pure life to go to Heaven.

Jesus is coming soon, or we are nearing to death. If any of these two happens we must go to Heaven. We see the

signs of Christ second coming, the trumpet will be blown soon and we will be taken to Heaven. If we don't go with Christ, we'll have to suffer here, even death won't come to save us. If we wish death, then also we won't die, we will be tortured inch byinch. God will then judge the whole world and throw the wicked into the fiery furnace. I've written it earlier in my first edition."And anyone not found written in the Book of life was cast into the lake of fire." (Revelation 20 :15)

PRAYER AS A KEY

There is nothing that we cannot get through prayer. How heavy your trouble is, it is possible to get an answer from our Lord if you humbly surrender before Him in earnest prayer. We might think that there is no hope but as long as we are alive in this world, you can check your life and ask. God for pardon for your sins and then if you pray, you'll surely get an answer. Do not despair you can open to an answer with the key and for that you have to pray and not lose heart. We should have a clean heart and must be prepared for the prayer. There is great value for prayer.

Some people are running to make money, but they don't need Jesus. But don't we need money? Yes, we want money. You can depend upon God and work, do not cause pain to others. Without God if you amass wealth, it has the value of waste paper. But if you fear God and make money, the blessing of the Lord makes you rich. It will last for ever till your death. The money you make without God will make you happy in this world. But there is an eternal life and you have to decide where to go when you're alive in this world. Many are enjoying life in this world with their money but there are a lot of God's people who live in poverty. They have hope and happiness in Christ because in this world if they are poor, they'll get a reward in Heaven. Many God's children are

suffering but the people of this world are teasing them. They are not given honour in this world. But they don't complain and are doing God's work happily and faithfully. Because they have a purpose in their life. They'll get a good place in Heaven and also a reward. If we are born in this world, one day we have to face death. There is no age for death, from a small child, to an old man, death can come at any age. But after death our soul must go to Heaven. For that we should get ready with a fearful heart. "No one is watching me, no one can know anything about me, if you think like this and live a sinful life secretly, God sees everything from heaven. He watches our thoughts and actions. If God doesn't pardon our sins we will be punished.

I write this sincerely because I heard the cries from hell. After hearing these terrible cries my family got so frightened that we decided to go to Heaven. From that day we started praying for not only ourselves but also for the whole people that they must not go to hell but to Heaven.

No one can discard my vision, dream or experience because it's I who have seen it. No one can criticize it and I don't mind what people say about it but I have to obey God. Only those who love God will understand whether what I do is right or wrong. I am not doing this according to my desire, because I don't have enough education. If at all I have any ability its given by God. He asked me to do this and I fear God, so I obey it. If you want to know Jesus personally only do one thing, give your heart to Jesus, He will come into your heart if you invite Him. Ask Him to wash all your sins by His precious blood and you'll become a new person. God lives in a pure heart.

Jesus knows everyone and He sees our actions and thoughts. God created us and so you must not think He'll come to each one of us directly. For that purpose God chose many pastors, elders and leaders in the church. But when they speak about Jesus, many do not accept Him as their Saviour. But God's love has changed many. Some of them are loved by God and hence God changed them. It's left to God but what should we do. We have to go near to God and submit our heart. Nothing is impossible for our God. How hard your situation is, if you think there's no hope, God would pardon you of all iniquities and don't give up, just go and fall at his feet, He will surely help you. He will pardon and give you a new a life.

ABOUT FAMILIES

Suppose you have two children, a son and a daughter. Your daughter got married and she went to another house. There her husband may have father, mother, brother and sisters. She must love his parents and her in-laws and must do what they want, to become a good wife. Sometimes the husband may be poor but still she should love and respect them. If you do all these in the fear of the Lord, you'll be blessed along with your generation. Mothers should give their daughters advice as to how to behave in their husband's house. The girl's love and care will bring the change in their house. The bride who goes to her husband's house must be the light of their house.

Our children will examine us without our knowledge. How do we look after our parents ? Do we love and care them? Our children should not be influenced by our bad character. We will one day become old and then our children will ask us how we looked after their grand parents. " Did you love and care them ?" they may ask. We should answer these questions. If parents don't become good models in the family, their children will be headaches for their family. Then you may start crying for your children. Many people call me to tell about their family problems. I am writing of such problems

for everyone to understand. When boys get married in their family, the daughter-in-law who comes as a new member doesn't like her husband talking to his parents. Thus the happiness of the family is destroyed. Then slowly the wife urges the husband to take his parents to the old age home. Many families called me to tell such problems and I use to cry when I hear these things and pray for them. Only by God's grace we can live a God fearing life. If we sow good things we'll reap good things. " As you sow so you reap."

In many families, they are pious, they go to worship regularly they go for fasting prayers but at home there is no unity and happiness, because they don't love their wife or children. In some other families they love their parents too much and do not look after their wife and children. In some families they don't love their parents after marriage. All these are fraud. When you get married you have to love your wife as well as your parents. The wife should love the in-laws and her husband's parents. The children should be taught to love and obey their elders. We find peace and happiness in such families. "And do not be conformed to this world, but be transformed by the renewing of your mind, that you may prove what is that good and acceptable and perfect will of God.

Many at day time spend their time in the offices or at home speaking about bad things and at night they see nightmares. When you go to sleep at night, you have to examine yourself, whether you have done any mistakes, or said anything that displeases our Lord, you have to confess them and ask for pardon before going to sleep. The Bible says, "For so He gives his beloved sleep." (Psalm 127: 2)

In my experience at night God used to speak to me in

my sleep. He used to give good advice In this book I have been sharing my experience on what God taught me and my family. Before knowing this living and loving God, I was in utter poverty and did not have enough food to eat. At night I used to think about the next day as to what food I would give my children, how I'll bring them up but not once. I thought about Jesus, "Therefore, if anyone is in Christ, he is a new creation; old things have passed away; behold all things have become new." (2 Corinthians 5 :17) According to the above verse after I became a new creation in my sleep and during day time, I think about Jesus and my desire is to go to Heaven. From then onwards my thoughts are the same about going to Heaven.

Anyone who have accepted Jesus as their Saviour in their heart, has to take water baptism, (emersion in water) and you have to do it because it is God's commandment. " Most assuredly, I say to you, unless one is born of water and the Spirit, he cannot enter the kingdom of God." (John 3: 5) When I was in the critical I.C.U, Jesus told me that I should testify to the world about Jesus. If they don't accept, Jesus would punish them. But what God told me I have to obey. For example if we want to conduct a marriage in our family, we invite everyone by giving them invitation cards. Afterwards they won't say that they did not know about the marriage. It's our duty to invite and if they come or not is up to them. Likewise it's my duty to invite you to accept Jesus as, He has commanded me to do. I have to obey God. It's up to you to accept it, if not Jesus would give you what you deserve.

Another example is if there is a father who drinks liquor with his son, there won't be any peace of mind in that

house. Every day they will be drunk and sleep on the road and the neighbours carry them home, At home they start beating the mother and the wife. They cry, the children cry and there is no peace at home. After several years, they stop drinking and everyone is happy at home. Even the neighbours are happy. But what is the use if they don't accept Christ. All are the children of God. He sees everyone of you.

No one should be sad or in pain because of our word, look or thoughts. God doesn't like it. We shouldn't hurt God's children, and who are not because I pray for everyone irrespect of their caste or religion. I pray for my family, for my country and for other countries and people. I pray that all must come to Heaven. One day while I was praying and thinking about all the people in this world, God spoke to my soul telling, me that all the people are God's own children. So people must have love, unity, happiness and peace among themselves. But today we don't see these among people. So God is also displeased. All the people are living in this earth. Here there is no unity, people are having anger, and they try to kill each other. No one has any value for life. We must think of others as our father, mother and siblings. We must think of other's children as our children, others wives are just like our wife, other's husbands are just like our husband. Then we would never kill anyone and won't cause pain to anyone. Consider all families just like our family. If we get a cut in our body, how painful it'll be! Just like this if we attack others, they'll also feel pain. If we think like this, there'll be peace every where.

All are attending Sunday services, just to show their pastor and others, but there is no change in their hearts. We

have to have a clean heart and go to worship Lord due to our love and not to show other people or the pastor. There is no use going like this because you'll not be blessed. God looks at our hearts... "For the Lord does not see as man sees; for man looks at the outward appearance, but the Lord looks at the heart." (1 Samuel 16:7) We should not worship to please the church members or the pastor but with pure heart and sincerity, so that our family must be blessed and go to Heaven. Before going to church on Sunday, we should pray and get ready for the blessings of the next day. Then we will surely get the answer for our prayers.

If we plant a small tree, we have to take deep pit, otherwise when a strong wind blows it'll fall down. The roots must go deep into the Earth, to make the tree strong. This must happen in a Christian's life.. We must be strong in Christ and must have strong faith in Christ. Such a person will withstand any problem if he has sufferings and troubles. Then Jesus said to the disciples, " It is impossible that no offenses should come, but woe to him through whom do they come." (Luke 17: 1). So when offenses come we should go near to God.

To all the people of this world, our Lord asks to be prepared to go with Jesus at His second coming, but we do not know the time." For the Lord Himself will descend from Heaven with a shout, with the voice of an arch angel, and with the trumpet of God. And the dead in Christ will rise first," (1 Thessalonians 4: 16) We have to understand one thing that we can do anything for Jesus in this world only, we can prepare to go with Jesus only in this world when we are alive but once our soul departs from this body, we can do nothing so,

we can go forward in life pleasing God with a pure heart, without giving pain to others, do what is pleasing to God and pray without ceasing, be a good example to others and also be a model to the family. Bring up your children in the fear of the Lord. If we live or die we should go to heaven with Jesus. Everyday we read shocking news in the newspaper. The people are spoiling very small children, such notorious people we see in this world. How will God watch all these? These sins cannot be pardoned but if you cry sincerely to God, He'll wash you with his blood and make you his darling child.

HEAVEN AND HELL

Is there Heaven and hell? People are telling a lie. Heaven is here in this Earth. People now a days tell like this. But it is not the truth. I saw Heaven and hell very clearly. Jesus took me and showed me Heaven. I also heard the terrible cry in hell. Those who want to see Jesus, those want Jesus to control your life, confess your sins one by one to Jesus and fall at His feet for pardon, he will surely wash away your sins by his blood. Jesus will not appear to everyone but if you ardently and sincerely pray. He will save us and we will have happiness and peace of mind. But if it is for teasing others you think of seeing Jesus, then you won't see Him. If you pray with a sincere heart for his love, surely he will fill with peace and God's love.

LIQUOR AND DRUGS

When we attack others with knife and strike them they will cry aloud with pain. We read such news daily in the newspaper. When they cry out and say not to beat them or attack them with folded hands, the attackers laugh and continue attacking them. Such persons don't get peace of mind. Even those who are attacking and killing others have parents, wife and children. If you think the person whom you are killing is just like your brother or sister, would you do such a cruel deed? Those who are attacking others, if you get the same, won't you feel the pain in your body? Hence, we should consider others as our parents, siblings and children. Then you won't do any harm to them. If you love one another and pardon their iniquities then God will bless you. All these cruel life began because of using liquor and drugs. They don't have any proper sense and doesn't know exactly what they are doing. Such people spend a lot of money on liquor and drugs. If you saved this money, you could have done something worth while for the family. Our children will also follow our steps and get drunk. Is there any peace of mind in such families? Is there any financial uplift? Just think about it calmly and take a positive decision.

A MODEL FAMILY

In many families there is no unity between husband and wife. Always they are quarrelling with each other. Our children are watching these problems. Our daughters have to go to other families after their marriage and they behave the same way as their mother. The reason is the parents. They should be good models for children. God will bless such families. Husband stands as a symbol of God in the families. We have to respect and love them. Maybe some husbands always scolds their wives but the wife should bear that with patience and love, and she will bring back her husband as a gentleman. We should win our husband through love. Our children will learn from our character, and the family will prosper and such families will be a model to others.

COME BACK TO JESUS

Many people in this world are doing cruel things, telling lies and leading a secret life. They think that their parents or spouses are not knowing their secrecy. But the Lord who made this world is watching us. Even those who are doing Gospel work are also doing mistakes which they think the Lord is not watching. But all our small actions, even the thoughts of our heart is known by our God. Many who do the gospel work earnestly, honestly, faithfully, and of a pure heart are blessed by Jesus. But those who are doing gospel work and living a life that displeases God will be punished. Jesus who has patience is waiting like a father for such persons to come back to Him. God who gave His only son to wash away our sins is waiting for you to come back. If we plant a tree and water it daily, we expect sweet fruits from it but if that tree gave sweet fruit in the beginning and then started giving sour fruit, we will cut that tree. If those who read this book feels that he is not worthy to come back, Jesus will pardon all your sins and will make you His child. You may have been bearing sweet fruits in the beginning and now if you're backsliding, don't worry, God will cleanse you. Fall at His feet and confess all your sins one by one. God will surely pardon you. After that lead a pure life and don't even think of the past sins, when God pardons your sins, He

forgets them. We should not think of our past and lead a new life. Jesus is coming soon. His arrival will be at any time because now we hear of the wars very often which is a sign for us to get ready or else we will be taken away from this earth by our death. So get ready to go with Jesus.

I want to tell you another important thing about our children. We should keenly observe the changes in their behaviour. Ask them to read the Bible and pray for themselves. For that we should read the Bible daily and let them follow our path. We will get advice for every thing from the Bible. If our children speak anything that is irrelevant for the occasion, please correct them instead of laughing. Let them learn good habits from our family. Our children must be God fearing also in this cruel world.

All the people should read the Bible. It gives advice for our daily life. When storms come into our lives we will get strength from the word of God. So, read the Bible regularly.

UNBELIEVERS

In this world there are many people who do not know the true living God. But they lead a good life than the So-called Christians. They don't gossip nor are jealous of others. They don't do anything bad against their fellow beings. They even help their neighbours. But at the Last Judgement day, they may tell God that they have done a lot of good things and have helped the poor when they lived here. But God will reply that if you did good, I have given you the reward in this earth. I have blessed your children with high degrees and high jobs. But you won't get Heaven you'll get only hell, because you've not accepted Jesus as your Saviour. So, all who read this must fear God and live with Jesus.

Why did I write a lot about Heaven and hell because only when you're alive in this world can you take a descision as to where you should go, to Heaven or hell. You can take a decision that you will go to Heaven because you'll be the luckiest person in this world.

Those persons who believe in the living God, if you have gone astray from Him, come back to Jesus soon. Confess your sins and get washed in His precious blood. Don't make our heart stubborn. God will pardon any kind of sin, even if you have done sins that cannot be pardoned by the

world's law, Jesus will pardon and will make you His son. Otherwise you'll be lost when Jesus comes. So, come to Jesus. He is waiting for you.

JUDGE NOT

We must not judge others or find out the mistakes of others and spread it. God does not like this character. It's not our job to find out other's drawbacks. God will judge them, we should not.

MY TESTIMONY

How I got saved - I was born into a CSI family. I am uneducated, I do not know to read or write. I have written about it earlier but I would like to repeat it once more.

Though I was born into a CSI family, I did not know about Jesus. In this condition Jesus Christ called me by my name and wiped my tears. I saw a dream and in that I saw Jesus on the cross. Then Jesus showed me Heaven and hell. Many people may laugh at me when I say that I saw dreams and God spoke to me directly. This is my experience, no one can refute me. I told earlier that I am uneducated and how can I write this book if God didn't help me. If you have any doubt about these things, you can come to me to clear it. I am still alive and I shall clear all your doubts if you call me.

I am wonderstruck, how I wrote this book and only if you see me directly you'll understand. I want to please God and so I did what God asked me to do and also I am praying for it. I did not see hell but I heard the agonising cries. From then onwards I decided that I'll go to heaven with my family. In this modern world many don't believe the truth that there is Heaven and hell. It's not my duty to force you but I saw, I heard a bout both places. Hence I am telling to the world to believe in Jesus because no one should go to hell.

In the Old testament there was a man called Noah. He told the whole world to get into the Ark because God is going to destroy this world through flood. Till then the people did not know about rain. "And behold, I Myself am bringing flood waters on the earth, to destroy from under Heaven all flesh in which is breath of life; everything that is on the earth shall die," (Genesis 6:17) But the people of that days did not believe. Only Noah and his family got into the Ark. All the people who were on this earth were killed by the terrible floods. I am writing this for those who want to go to Heaven. You can confess your sins one by one and Jesus will wash away your sins and surely will make you His sons and daughters.

I spoke to a person who is going to a Pentecost church but has not confessed his sins. No one has told him to do so. From the childhood days you may have been eight year old but you might have told lies. From then onwards you know what is right and wrong. So, you have to confess your sins, transgressions completely to Jesus. Without confessing your sins there's no use of attending church services for worship. We must not do the same sins again. Then onwards we must love Jesus, fear Him, and also walk with Him. Jesus is with us always and love Him and include Him in our life. He will give us success in everything. Those who look at us must find Jesus in our lives. You must also attend a congregation that worships Him in truth and spirit. Only through Christ can we reach Heaven.

We must not be in a hurry to do something, if so we'll fall into a pit. Before taking a decision quickly think about it atleast 10 times whether it's God's will.

Pride should not enter into our life. We must always be humble, patient and loving to others. With love you can achieve anything in life. In our life pride is the cause of failure and fall. Before our destruction the heart will be proud and we think it is because of our deeds that we won in life. We talk proudly about our achievements in life. But pride goes before destruction. We have to leave everything in this world and go when death knocks at us. Our soul is valuable. It's worth is more than this world. "For what will it profit a man if he gains the whole world, and loses his own soul." (Mark 8:36) I understood the value of our soul and thus I wrote this book for you to read and get saved.

TESTIMONY IN THE FAMILY

Many call me to tell that there is no peace of mind in their family. Everyday they have only sorrow. In some families the parents lived a good life and so they can't go out leaving their family in chaos. So they don't tell their sorrows to anyone and they bear the pain themselves. In some other families they make a mountain out of a simple thing. There may be mis-understandings and lies spreading but our families must avoid all these. In some families the siblings are always quarelling for petty things and till death they won't speak to each other.

On this earth we live for a short period and after that we won't see our parents and siblings. We have a short span of life on this earth. Within this short period we should live happily with our parents, siblings and grand children. I write this because many called me and said that it has been years since they talked with their own siblings. One brother from this family died but till his death they didn't speak to each other. Indeed! this is very sad. I too felt very sad about it. Are there such people on this Earth? If we don't love our parents and siblings, then how will we love others? As long as we live on this earth we have to love our in-laws as we love our parents , respect them and take care of them. God will be pleased with us.

Those who are Christians will have a lot of subjects to pray. When we start prayer, we should check ourselves, whether we have anger or dispute with anyone. First we have to pardon such people and then pray, God will answer your prayers. "Therefore if you bring your gift to the altar, and there remember that your brother has something against you, leave your gift there before the altar, and go on your way. First be reconciled to your brother, and then come and offer your gift." (Matthew 5: 23,24) Thus we will get the answer to our prayers.

BACK SLIDING

There was one person who was very earnestly doing gospel work. But as years passed by he started backsliding. His looks, thoughts and actions were against God. He lost the Holy Spirit within him but he did not know about it. He started doing small sins and it increased and emersed him completely in sin. Many who backslided wanted to return but they cannot. But some of them do not have a desire to come back and keeps their heart stubborn. But all who backslided must come back to Jesus. If in a family the children does wrong against the father, won't the father pardon if he comes back? Surely, the loving father will pardon and invite him to the family. Our heavenly father also will pardon you your sins and will surely receive you. So, come back to Jesus who gave you his precious, sinless blood to wash away your sins. Confess to your heavenly father all your sins, He will surely pardon you.

Some of the gospel workers had special gifts like vision, prophecy and revelations. But when they backslided they lost it. They do not recognise this and think that they still have those gifts with them. Confess your sins to Jesus and return to your loving father. Don't repeat the sins that you have confessed. You may think why I wrote all these things.

A mother who loves her children would think to save them at any cost from evil hands. So also, I love the children who are lost in Christ. I am also a loving mother who wants all to return to Jesus. All the mothers have to answer to God, if their childrengo astray. Likewise, God will ask me about the lost sheep. I have to obey God rather than man. I am praying for all those who are backsliding and I wish everyone will return to Jesus' love. If you don't obey Jesus, you have to answer before God's judgement throne. If you have any doubt about what I have written, you can call me on your phone and clear all your doubts.

LEAVEN FLOUR

If a little leaven flour falls into a big pot of fresh batter, the whole lump leavens..." Do you not know that a little leaven leavens the whole lump? "So, also if one person in a society, or family or church does a sin, we blame the whole lot. You must not look up on me like that. May be someone else might have done, some wrong and you must not judge me with that. If you want you can receive the advice given in this book but never disrespect my God. Jesus gave his Holy blood to save us. If you want you can receive the free gift of love which is Jesus' blood. Receive Jesus in your heart don't speak against him. It's Jesus who is our Creator and our heavenly father.

MY LIFE EXPERIENCES

Before my marriage I haven't experienced any difficulties or sorrows at my house. I did not even know what sufferings are. After my marriage only, I experienced sorrows when my children were small at one time I couldn't stand against sufferings, ridicule, and teasing. I was in utter despair. How will my family survive all this? I couldn't bear the pain and started crying to Jesus my Father, "Jesus why did you bring me here to suffer"? I cried out aloud out of a broken heart. Jesus replied, "I brought you here because I want to do a lot of things through you." I did not understand what He said at that time. But after several years now I understand what He said. Now, He is fulfilling His purpose through me. Everything is preplanned by God.

HAVE AN INNOCENT HEART

Some people show great love and respect when they see us. They talk very lovingly to us with sincerity. We feel they are very sincere and we too reciprocate the same love. But they were not as we thought to be. They spread fake news which we have not even imagined. This is what is happening around us in this world. There is a saying “Out wardly devotion, in wardly knife.” God hates this character. We should not spread fake news, about our fellow beings. God mustn’t find us guilty. We should have an innocent heart before man and God. Our body is the temple of the living God and so we must be very careful and keep our heart pure. If we are impure at heart, Jesus won’t live inside our heart.

Suppose there is a man of God who lives a pure life without making a small mistake with his word or look. If people speak words which pains him, or hurts him and spread fake news, the world may tease him but he may not have done any sins. When the whole world turns against him, the man of God turns to Jesus Christ and pours out his heart full of sorrow and cries. Do you think God will not punish the persons who spoke against him? Surely, He will punish them. Do we need such punishment? Let us think about it.

But if you see a mistake or sin in someone's life, you can speak to them personally, with love and help them to confess their sins to God, But you should not spread any gossip about them. God doesn't like it. If someone in our family goes astray, don't we bring them, at any cost? Like this we should consider other persons also.

Holy Spirit spoke to me about the families where there are differently abled children. Some are confined to bed from their birth. Some children are blind, some deaf and some dwarfs. They have money and wealth but the parents are in tears. Many have asked me to pray for them. If there is one child who is normal, he turns out to be a drug addict or drunkard. How will such families be happy and have peace of mind? Even if they have money, they won't be able to spend happily. May be because our forefathers have done sins and have made many innocent people cry, their generations have such disabilities. If our forefathers have not accepted Jesus, the sins will fall on the heads of their third and fourth generations. If God pardons your sins, then God will forget them. So, we have to confess not only our sins but also find the sins of our forefathers and ask for pardon.

We should confess our sins with a sincere heart. We have to humble ourselves and pray so that heavens may open and bless us with peace. After our sins were washed away by the blood of Jesus, we should become witness for Christ. When we witness for Jesus many will receive Jesus as their Saviour. Only when I started praying for others I understood that they also should be sinless. If those who are praying for you, ask you to confess your sins, don't get angry with them. There are a lot of poor people around us. If we can help them

as you can, if we do this, God will be pleased and our children also will be blessed.

We must fear God and also love Him. If we do all kinds of sins and then confess, He is so loving that He will pardon our sins. If you want to taste God's love, go close to Him. Whatever our Heavenly Father asks us to do we must obey Him. We have a lot of sufferings in this world but God will give us strength to bear it. When trouble comes in our life do not blame God and run away from Him. May be due to our sins we get sick and get into troubles. "Due to sin we get sick and due to sickness we die." To avoid death, confess your sins and pray to God to wash away your sins by the blood of Jesus. After God pardoned your sin, don't think of the past.

The sufferings and troubles that come into a man of God's life is to sanctify him and to make him pure as gold. God knows and allows such sufferings in our life. We shouldn't fall into despair and ask God why is this happening to me? To give more fruit, God is chastening us, or pruning us. If we bear fruit, such trees will be stoned by people. Likewise, is our Christian life. A student has to face exams if he wants to go to the higher class. So, also we have to face challenges, sufferings and and troubles in life if we want to go higher in spiritual life.

You should respect elders and look after them carefully. We should not utter a word or look that affects our senior citizens. The Bible says to consider others above us in all things. We will reap what we sow. Teach our children this universe truth that we will get what we sow. Let our children learn good manners and spirituality from us.

Jesus Christ is coming soon and we see signs of it all over the world. So, dear readers get ready soon to go with Jesus to Heaven. We do not know the exact time but we should get ready at any cost to go with Him. May God bless you.

COMPLETION OF PROMISES BY GOD TO ME

I have almost completed what God has told me to do. My father Jesus Christ asked me to do certain things and I have completed them.

Thirty five years before I went with my husband to many churches to testify Jesus. After one year of my baptism God spoke to me and said that I must go to testify my Jesus. But we were poor those days and did not have money to travel. The second year also, God asked me to go. But because of my financial crisis I couldn't go. The third year after my baptism, He spoke to me in a thundering voice that if I did not testify Jesus, I will get punishment. When he told me this, I saw a rod in His hand. When I saw this I got frightened and started to go. At that time an angel who stood beside said that she is getting ready to go, so do not punish her. All these I saw in a vision. So, I went with my husband to nearly 70 churches and shared my testimony. I went because my Father Jesus told me to do so.

* I wrote my testimony and printed it as a book and gave to many.

* After my heart attack, I conducted a meeting in front

of my house and recorded it and the video was seen by many people from many countries through the youtube.

* The Aroma TV recorded my testimony for two hours and many people were blessed after seeing it from various countries.

* Another channel interviewed me and many people all over the world saw it.

* After completing this book I am very happy because I have completed what God assigned to me. A person like me who has no education, could do so much for the Lord and for that I am satisfied. If anyone calls me to their churches to give my testimony, I wish to come, and also I am going to pray for all the persons in the world who have not accepted Jesus as their personal Saviour. Those who come to my house for prayers are also welcome and I shall pray for you. I also pray for those who call me over the phone. I surrender everything to God, whatever he asks me to do I will do. All glory and respect, I give to my Father in Heaven.
